COMMENTS:

I am in full support of the housing proposal for Finchampstead village. Introducing new homes would not only help address the housing needs of younger generations but also provide much-needed support for local businesses like Cresswells, which have been facing a decline in customers. More families in the area would boost local shops and services, encourage the need of public transport, and contribute to a stronger, more connected community. I believe this development would have a positive impact on both the local economy and the overall vitality of Finchampstead village.
