COMMENTS:

We object to this planning application for the following reasons

- a) The privacy in our garden will be taken away by the large window in the pitched roof dormer as it overlooks our back garden.
- b) The pitched roof dormer is too large and an eyesore, and is not in keeping with the other roofs in the road.
- c) The view from our back bedroom will be spoiled, as it will be dominated by the roof of a six metre long by an eleven metre' wide roof.
- d) The ground floor extension at the back will be very obtrusive as there will be a six metre' long brick wall going down the length of the boundary of our garden.
- e) The roof of the ground floor extension is intrusive as it extends above the fence line to above the level of the first' floor windows.
