COMMENTS:

Winnersh Parish Council's Planning and Transport Committee's previous objection to this application remains unchanged, as the concerns raised have not been addressed:

1. Inadequate Documentation: The application references a supporting document which has not been provided. Only a series of photographs has been submitted, preventing a proper assessment of the development already carried out.

2. Concerns Regarding Future Use: The Committee remains concerned about the intended future use of the building, particularly in relation to the addition of five car parking spaces. Insufficient information has been provided to clarify how the increased parking relates to the building's use, raising questions over consistency with local planning policies.
