COMMENTS:

My understanding is that the application is to acquire a small piece land next to the front boundary wall of the property which, I understand does not belong to 8 Sussex Lane. In August 2023 a discussion was had with the owner of 8 Sussex Lane in the presence of 3 independent witnesses as well as my family members, with photographs taken at the time which I can forward if these would be helpful. The owner of 8 Sussex Lane and I agreed a position where we would both be happy for the extent of the front boundary wall to reach. This was almost in the current position of the pillar to the right facing 8 Sussex Lane. I would be willing to consider extending the fence of Quercus to meet the pillar previously mentioned.
