PROPERTY ADDRESS : 16
: 16 Heatherdene Heatherdene Avenue, Crowthorne
: RG45 6AA
SUBMITTED BY : Mrs Catherine Welsh
DATE SUBMITTED : 29/08/2025

COMMENTS:

As the owners of the land in which T1 and T3 are situated we have instructed tree surgeons to assess these trees and have been informed that T1 has clear signs of trunk decay and we have also been advised of historical signs of honey fungus on both trees, we have been advised that the safety and longevity of both trees are of concern. We feel that for safety and insurance reasons that T1 is not only a safety issue it is also obstructing T3 and should be removed completely. We have also had a request from opposite neighbour to reduce t3 as this is interfering with the trees fronting their property
