☒ No objection
☐ No objection subject to conditions (and reasons) **stated below**
☐ Request further information before determination as **stated below**
☐ Objection due to the reason(s) **stated below**

Comments On Proposal

1. Provision of electric vehicle charging infrastructure makes a positive contribution to reducing transport related emissions in the Borough and aligns with WBC planning policies and the targets of the WBC Climate Emergency Action Plan.
2. The proposed scheme is feasible and the scale of groundworks is commensurate with the level of proposed provision.
3. As such this proposal is supported on sustainability grounds.
