COMMENTS:

I am commenting on this application on behalf of Loddon Valley Ramblers.

We note that Arborfield Footpath 17 appears to be within the proposed development site, running along the north west boundary. We also note that this footpath will connect to paths within the proposed SANG.

As this footpath is currently very narrow (especially the section which runs alongside Arborfield Court) and has a poor surface, we would like to see a condition on any planning consent which requires its widening and upgrading.`
