COMMENTS:

We do not need more housing in the area. Already there is too much pressure on our roads. Schools are full and having more homes compromised safety in the area. It's been a nightmare getting about lately. There's not enough GPs to cover everyone. The poor wildlife is being destroyed and the green areas. Stop building and move onto other areas now. I'm really considering moving out as I am fed up. You're ruining it for our future generations.
