Dear WBC Drainage,

Discharge of condition Consultation

Application Number: 250964

Applicant: Mr & Mrs Pearson

Site Address: The Coppers, Penny Lane, Wargrave, Wokingham, RG10 8PB

Parish: Wargrave

Grid Reference: Easting - 478582, Northing - 180676

Type of Development:

Proposal: Application for submission of details to comply with the following condition of planning consent 242951 dated 07/03/2025. Condition 3. External Materials. 5. Ecological Enhancements. 6. Drainage Details.

Case Officer: Connie Davis

Development Management has received the above application and we require your comments on the proposal using the recommended memorandum below. The documents associated with this are available to view in NEC DM using the application number 250964. Alternatively, public documents are available to view on the Council's planning application search page: [Wokingham Borough Council Online Planning](#).

Please index your response into NEC DM against the application. If you are recommending conditions, you should give a reason with reference to relevant policies. A list of standard conditions can be found on the Z Drive at: [Z:\Standard Planning Conditions](#).

Your observations are required in respect of this application within **10 working days** of the above date or **15 working days** if the development type is classed as a major development.

Yours sincerely,
Development Management & Compliance

- ☐ No comment
- ☒ No objection
- ☐ No objection subject to conditions (and reasons) **stated below**
- ☐ Request further information before determination as **stated below**
- ☐ Objection due to the reason(s) **stated below**

Comments On Proposal

Discharge of Condition

I refer to the above planning application, which LLFA conditioned due to insufficient detail provided in Surface water Drainage strategy.

Following further correspondence with the applicant and their subsequent submission of surface water drainage details along with drawing no. 6394 Revision P02 which shows Soakway1 and soakway 2 along with surface water and foul water plan location (SuDS) it is now confirmed that the revised proposal meets the requirements of application for which LLFA is statutory consultee.

All SuDS features to be maintained according to the manufacturer's recommendations. It is responsibility of the applicant to inform LLFA if there is any change in surface water design at construction stage.

It is recommended that condition no. 6 related to surface water drainage may now be discharged.
