

20th February 2023

To whom it may concern,

Mulberry House Vets used a piece of land (approx 40ft x 30ft) belonging to 304 London Road during the pandemic.

As a profession, we had to do all of our consultations outside during covid and were very limited with space to do this. Paul Stelling very kindly agreed to let us use some of his land to extend our car park area during our business hours of 8am-7pm, Paul who owns the land then used it on evenings and weekends for his personal and business use.

Regards,

Sharon Tongue – Business Director
