Dear Sirs

**Payment Request for C4 Detailed Estimate –  
land at Mole Road Arborfield. RG2 9PH**

Thank you for your recent enquiry.

From your site works, you have identified Gigaclear network is affected by your proposed scheme and alterations to the network are needed. A detailed site survey is now necessary to confirm what anticipated alterations are required.

The cost to provide a detailed estimate for this work is **£1,937.25** + VAT, which we will require in advance. Note, the charge is to produce a detailed estimate includes site surveys/meetings, production of the design, costing and the associated correspondence. Please note that any site related trial excavations to determine actual locations and depths of apparatus will be charged for additionally, or where possible (and preferred) provided by your appointed contractor.

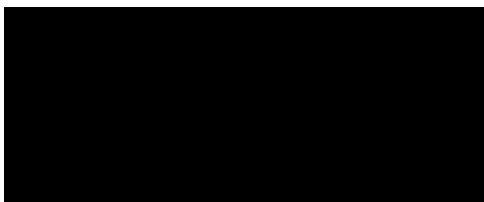

If our charge is likely to exceed the advance payment you have made, particularly if additional or alternative costings are required, then further payments will be requested from you.

If you have not already done so, please ensure you include preferred contact details, detailed plan and section drawings and any supporting information for your proposals along with the advance payment.

Please be aware that any duct and poles owned and controlled by Openreach can be used by third party communications providers (CP's) including Gigaclear for the installation of cables and apparatus if a Physical Infrastructure Access (PIA) agreement exists. Gigaclear will not be held liable for any delays or costs caused by the network rearrangement requirements of Openreach.

See over for payment details.

Yours sincerely

Adrian Rangecroft  
Diversionary Works Project Engineer

## Payment Details

Our preferred method of payment is by Bank Automated Clearing Services (BACS). Please ensure your payment of **£2,324.70** (inc VAT) is associated with the unique Gigaclear reference for this scheme. When your order or letter of authorisation to proceed with the works has been received, an invoice for payment will be returned with the necessary BACS payment details.

Please complete the following details and send by return of email with your order or letter of authorisation to the Diversionary Works Project Engineer. Works are unable to commence until this information and your payment have been received.
