COMMENTS:

We STRONGLY OBJECT to this proposal! We have been overwhelmed with new house in spencerswood & shinfield. It is absolutely ridiculous thinking we need more. This is green countryside you are using up and then you think it's ok to put in a 'green space '. Leave the fields alone and we won't need it!! The promise of a school & GP's is also a joke the developers will just sell that bit of land on & they will never get built. The roads are not designed to take this amount of traffic, the Basingstoke road and junction 11 is at a standstill every work day morning.
