COMMENTS:

No more houses in Arborfield, please! We have lived here for 4 years and the traffic has got considerably worse and the green fields are disappearing . We moved here to be out a busy town area! Arborfield is supposed to be a village. I also hate seeing dead badgers, deer and foxes along the roads due to their homes being invaded! If we weren't having to house so many illegal immigrants in this country we wouldn't need to keep building more houses! It has to stop!
