

The floor plan illustrates a two-story apartment building. The top floor (Level 1) features a Living Room with a sofa and armchair, a Kitchen with a sink and stove, a Dining Area with a table and chairs, a Hall with a staircase, a WC, and a Cup'd. The bottom floor (Level 2) features a Living Room with a sofa and armchair, a Kitchen with a sink and stove, a Dining Area with a table and chairs, a Hall with a staircase, a WC, and a Cup'd. The plan shows the layout of rooms, furniture, and fixtures for both levels.

The second floor plan shows a symmetrical layout. On the left side, there is a Bedroom 2, an En-Suite bathroom, and a Bathroom. On the right side, there is a Bedroom 3, a Bathroom, and a Cup'd. The central area features a staircase with a landing. The En-Suite bathroom is located between the two bedrooms on the left. The Cup'd is located between the two bedrooms on the right. The main entrance is at the bottom center, leading into a large hall that branches out to the bedrooms and bathrooms.

The floor plan of the second floor is divided into two main sections by a central horizontal corridor. The top section contains 'Bedroom 1' with a bed and a desk, an 'En-Suite' with a toilet and sink, and a 'W' (wardrobe) area. The bottom section contains 'Bedroom 1' with a bed, a 'Cup'd' (cupboard) area, an 'En-Suite' with a toilet and sink, and a 'Dressing Area' with a wardrobe. A central staircase is located in the middle of the floor plan.

This technical drawing illustrates a roof plan for a building. The roof is gabled, with a central ridge line running vertically. The roof's edge is defined by a solid line, while the roof's profile is indicated by a dashed line. A chimney is located on the right side of the roof. The drawing also shows the roof's eaves and the roof's edge. The drawing is a technical drawing, likely a blueprint, showing the roof's structure and layout.

HOUSE TYPE LR - 3 BED / 6 PERSON HOUSE
