Please study these plans carefully and note the dimensions shown along with any comments. We would also ask that you pay particular attention to the actual position on the building and the location of any proposed work. It is your responsibility to any gate ends, boundaries & existing door or window locations, as these drawings will be issued to our builder. Any changes, errors or amendments to these drawings must be notified by writing by email or post immediately to the architect or surveyor. We will not be responsible for alterations or amendments to these drawings after they have been issued. We will not be responsible for alterations or amendments to these drawings after they have been issued.

Notes:
*All dimensions shown are **EXTERNAL**, unless otherwise stated from the garden, patio or service area, unless otherwise stated. All dimensions shown on the plans are **EXTERNAL** as indicated.

To calculate the approximate internal floor area:
Take the overall width and depth of the building and multiply them on the base plan for each new outlay and constructed. (Use a base 5000mm wide x 3000mm projection externally would have an internal floor area of 4400mm x 2700mm).
