COMMENTS:

Currently there is no Mosque in the Wokingham area for Muslims, making it difficult for the community to gather for daily prayers, Friday it difficult for the community to gather for daily prayers, Friday congregational prayers, and religious events. The absence of a mosque also impacts the ability to provide community support services, and a Muslim space in this area would greatly benefit the local Muslim Muslim space in this area would greatly benefit the local Muslim community by providing a much-needed place for worship, learning, and

Road, which experiences significant overcrowding, especially on Fridays. The congestion leads to parking challenges, traffic Fridays. The congestion leads to parking challenges, traffic only accommodate the growing Muslim population but also foster unity, only accommodate the growing Muslim population but also foster unity, community. It would also provide essential services, including prayer community. It would also provide essential services, including prayer people of all ages.
