COMMENTS:

I wish to formally object to this planning application.
The site is accessed via a minor unmetalled road that is not suited to caravans, tow- vehicles or lorries. Also the junction onto Nine Mile Ride is steep, narrow a clear safety hazard for increased traffic of this nature. The site lies within countryside that is not allocated for development. Its proposed use would cause significant harm to the surrounding woodland and rural character, also the introduction of hard standing would negatively impact the natural draining of the land.
The development of this woodland would be totally out of character of the area.
For these reasons I oppose the development.
