COMMENTS:

Removal of the already' agreed delivery restrictions will have a huge impact on those living in the vicinity. Increase traffic and noise for those living in a residential area are trying to sleep / rest. Increase in traffic - as Gemini Road is already been used as a 'cut through'.

Planning need to consider traffic management and calming - speed humps etc.

Finally, consider this: The restrictions have already been imposed for a reason. Therefore, there is no justifiable reason to remove them.

Thank you.
