COMMENTS:

I wish to object to application 251774 for 2 houses in Old Sawmill Lane.
y leading to Pinewood Avenue rather than the surfaced cul-de-sac of Old Sawmill Lane. Were this application to be allowed it would form a precedent for further ordered by TPOs.

I propose that this path is adopted by WBC and formalised as a safe route to schools so families on foot and bike do not have to cross the Pinewood/Ellis junction which is very busy at school times. Managed as one, by WBC it would also provide a valuable wildlife corridor and refuge.
ed - as were previous applications to develop this site.
