COMMENTS:

RPC discussed Foxhaven (242664).

RPC is happy to leave the matter with WBC Planning, but would want it to check that (i) the area increase (631 to 724m²) was within norms for a green belt site, (ii) that this dark rural woodland site would not be subject to inappropriate levels of lighting from the building or perimeter fence and (iii) there would be no parking on Remenham Church Lane during any construction
