Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The erection of gates are permitted under Part 2 Class A of the Town and Country Planning (General Permitted Development) (England) Order 2015.

Condition 16 of the permission (232680) states:

Gates - Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking and re-enacting that Order with or without modification), no gates or barriers shall be erected on the shared vehicular access hereby permitted.

Reason: To assist in the integration of the development into character and community of the area and in the interest of highway safety.

Relevant policy: Core Strategy policies CP1, CP3 & CP6 and Wokingham Borough Design Guide SPD

As the proposed gates would be on the vehicular exit rather than the vehicular access as specified, we believe the proposals will not fall foul of this condition and constitutes lawful development.

Finally, perspective purchasers have expressed concerns about security with the number of people walking past the property and in particular unrestricted access to the parking area and entrance to Plot 3 (to the side of the building), with the number of large events held within Henley. The proposed gates will provide for improved security for the future residents of the development whilst not impacting on the highway or existing neighbouring properties.

- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
