COMMENTS:

I am writing in full support of the planning application for White Cottage. The proposed annex provides much-needed, accessible accommodation for elderly family members a genuine and compassionate requirement that cannot be met within the existing listed building. White Cottage's narrow corridors, level changes, and protected historic fabric make it impossible to achieve modern wheelchair accessibility internally without significant and inappropriate alteration.

The annex offers a sensitive and practical solution: it delivers safe, step-free, wheelchair-accessible living space while fully preserving the character and integrity of the original cottage. This proposal ensures that White Cottage can continue to function as a long-term family home, safeguarding its future and supporting the wellbeing of those who live there.

I therefore strongly support this application.
