Planning Issues :

SITE DESIGNATION:-
SEALP } AREA OF SPECIAL LANDSCAPE IMPORTANCE
WDLPDD } (SEALP: SC3) (WDLPDD: WLL2)
MAIN ISSUES:-

- IMPACT ON ASLI
- IMPACT ON EXISTING BUILDING

Application Number: F/2000/3041

Appraisal:

Impact on Existing Building
The proposal is to erect a single storey conservatory to the south (front) and east (side) elevations of the existing building. The conservatory would extend across the whole width of the building (22m x 3.75m) and along part of the side (6.1m x 3m). The front section would have a shallow mono pitch; the side section would have a standard pitch following the pitch of the roof of the main building. The existing building is of functional design and of no particular architectural merit. The conservatory would be proportionate to the main building and would not be over dominant. There are therefore no objections to the proposal in respect of its visual impact on the existing building.

Impact on the Area of Special Landscape Importance
The site is secluded and cannot be seen from the public highway. The boundary is also well screened by trees. The proposal represents an unobtrusive extension to an existing building. It is therefore not considered that it would have any adverse impact on the quality or character of the Area of Special Landscape Importance.

In response to your consultation dated 28th December 2000 for the above application, the tree and landscape comments are as follows:

I have visited the site. However, the entrance was locked and I could not find a means to alert the occupiers of my presence (bell etc.) and gain entry. The whole of the site is surrounded by a tall fence and consequently I was unable to gain a view of the site and provide any useful comments.

The development proposals are relatively minor and I would not expect there to be an irresolvable landscape issue. If you wish me to comment further I shall phone the applicant or agent to arrange access.

YOUR PLANNING APPLICATION

WHY DO YOU NEED TO MAKE A PLANNING APPLICATION ?

New buildings, major alterations and enlargement of existing buildings, and many changes in the use of buildings and land need planning permission.
The Town and Country Planning Acts impose a duty on Local Authorities to control these changes, and this means that a balance has to be found between the need and pressure for change, and the desire to protect the character of settlements and the countryside.
The merits of each application are, therefore, carefully examined.

WHAT ELSE MAY YOU HAVE TO DO ?

Listed Building Consent: for works to a Listed Building; or for demolition works on land within the curtilage of a Listed Building or within a Conservation Area.

Advertisement Consent: for the display of advertisements or signs

Building Regulation Approval: for most new building or construction work.

Special forms are available for these types of applications.

You should also check whether there are any other regulations with which you may need to comply.

WHAT HAPPENS TO THE APPLICATION ?

It will first be checked to see if it is complete and if it is, it will be registered.

Consultations will be carried out with public and other bodies, such as the Highway Authority, or Local Parish Councils.

Publicity may be given to allow local people the opportunity to comment on your proposals.

The application will be considered in relation to the Council's planning policies and guidelines, the past history of decisions on that site or in the locality, other standards (such as parking, or visibility at road junctions), and any other material considerations.

The site will be visited by a Planning Officer You may be asked to submit more information, or to amend your application.

The application will then be considered either by a Planning Committee or Sub Committee (made up of Councillors) or bythe Chief Officerresponsible for planning matters. Objections to an application will be taken into consideration by the Committee or the Chief Officer.

Shortly after the application has been determined, you will receive a Decision Notice.

HOW LONG WILL IT TAKE ?

An application will generally be determined within eight weeks although a longer period may sometimes be required for a complicated application.

WHAT SORT OF DECISION CAN BE MADE ?

Your application may be approved.

Your application may be approved subject to certain conditions. These could impose restictions on the use of land or buildings, or require further details to be approved at a later stage, (e.g. materials or landscaping).
You may appeal against the conditions, but this opens the entire permission to review by the Secretary of State.

Your application may be refused. The reason will be listed on the Decision Notice.

WHAT HAPPENS IF THE APPLICATION IS REFUSED ?

You have the right to appeal against the refusal to the Secretary of State, but you have to do that within six months. Appeals can be dealt with by written representations by both sides, or by a Public Inquiry.
You may ask the Planning Officer whether an amended application would be more likely to receive planning permission.
