

Wargrave Tennis Club
Recreation Ground
Wargrave, Berkshire, RG10 8BG
5th February 2025

Parking and Traffic Flow Impact Assessment Statement

Proposal: The proposal is for a single pop-up padel court to be installed on one of the existing eight tennis courts at Wargrave Tennis Club (see site image below and online interactive model).

Parking and Traffic Impact:

The proposal will not affect parking or traffic flows, as there will be no overall increase in the capacity for playing tennis at any one time (currently 32 players across 8 courts).

There is already ample parking in the recreation ground's main car park and the large overflow car park to the west of the clubhouse (see image below).

We also encourage our members to walk or cycle. 43% of our current membership lives within one mile of the club.

Interactive Model of Proposed Pop-Up Panoramic Padel Court—The proposal and plans are available at <https://go.wargravetennis.com/planningmodel>. The model shows the court's location and the existing park provision.
