

PLANNING REF : 252782
PROPERTY ADDRESS : 63 Alinora Avenue
: Worthing
: BN12 4LR
SUBMITTED BY : Mr Andrew Sopp
DATE SUBMITTED : 04/12/2025

COMMENTS:

As a keen angler (currently on the waiting list for the adjacent lakes) and conservationist the risk of pollution from the proposed fuel depot is extremely high. Whilst measures could be put in place to prevent pollution, the potential for errors and system neglect puts the environment in considerable jeopardy from the material being stored. Alternatively low risk sites must exist and would suggest the applicant seeks an alternative location.
