I support the grounds for opposing this application, put forward by the Council officers and by others. I also oppose it because the development would remove a beautiful area and much-loved open space which is an important part of the local amenities. It is popular with residents as well as with residents of nearby areas for walking and other informal activities and as such it contributes significantly to their wellbeing. Its loss risks creating adverse consequences for their mental health in addition to other adverse consequences. [Close](#)

The several previous attempts to procure development on this site, outside planning limits, have all been refused for good reason as should this one. The large modern houses it would introduce would seriously harm Hurst's attractive rural character and detract from the setting of neighbouring properties including those listed. Were the appeal allowed it would then have to address the serious problems of recurrent flooding and awkward access to and from the A321. I see no positive reasons for allowing the appeal [Close](#)
