COMMENTS:

I realise that there is a need for housing in this area and I hope that all the items listed in the application actually get built. I remember when Lower Earley was going through the planning stage, what seemed like a firm proposal to build a new secondary school, never came to fruition. After a few years, the land set aside for this was built over, leaving other schools in the area crammed full.

A new school, Bohunt, was built but that was over subscribed as soon as it was open. I really don't want this to happen again. Also I would like assurance that there will be more Doctor and Dentist provision. In this area both are in very short supply and Surgeries for both are crammed full.
