COMMENTS:

I object to the proposed development for the following reasons:

1. The storage of diesel and kerosene adjacent to Charvil Country Park and the River Loddon is obviously wrong - an environmental accident waiting to happen.
2. There is a serious risk to pedestrians, cyclists and motorists. There are already regular delays on the Old Bath Road from lorries delivering to neighbouring businesses. To increase this with 132 vehicle movements per week including 59 articulated fuel tankers seems ridiculous.
