COMMENTS:

To Wokingham Borough Council,

I wish to formally express my concerns regarding the proposed development adjacent to my property. The provision of 82 car parking spaces within the plan highlights the significant increase in traffic this development will generate, particularly in accessing the nearby dual carriageway. The associated safety risks and potential congestion are evident and must be thoroughly addressed.

Furthermore, I urge the Council to ensure that all previous objections and comments submitted throughout this prolonged process remain valid and are fully considered. Changes to the proposal should not negate or overlook the concerns that have been raised repeatedly over the years. Consistency and accountability in the decision-making process are essential.

Thank you for taking these points into consideration.

Yours sincerely.

Derek Althorp
