COMMENTS:

I object to this planning application.

The field is outside the limits of the Hurst boundary in an area of beautiful countryside, which I appreciate daily while walking my dog. Access to the site would require destruction of a large amount of vegetation and change the character of the area. Development would create an urban effect in a semi rural location.

Hogmore lane itself floods regularly and this will create more 'run off'.

The site is not sustainable. Hurst has limited public transport, every journey requires a car trip. Pavements are narrow and these days with the station excess parking along Broadwater Rd biking into Twyford is dangerous.
