COMMENTS:

We are the owners of 15 Elizabeth Rout Close which backs onto Appleby Walk where people of that road are altering the landscape attempting to claim the Amenity land and moving fences without any permissions. Also interfering with TPO covered trees, including obstructing the water draining ditch which holds water in poor weather helping to drain all gardens of Elizabeth Rout Close and Possibly some of Albert Close. There are many photos to show this. This application should be rejected and any alterations already carried out returned to their correct positions.
