COMMENTS:

As a member of the club, I object to the pool being built over and shortened because no consultations were conducted with the members, and it should our club. I object to it then being closed fully for months while I paid my fees in advance. The extra floor would block the feel of conctedness to the nature reserve, and would cut out views from other buildings and the road. Also I am worried that there won't be enough parking spaces, because often it is difficult to find a paking space.
