Application Number: F/2002/5990 – 90 Pinewood Avenue, Crowthorne

Appraisal:

This application is for the raising of the roof and dormer extensions to form rooms in the loft space. It is an amendment to consent F/2000/1311. The difference is that this application has a gabled roof (to allow more additional accommodation) where that permitted was for a hipped roof. This application raises three issues:

Impact on streetscene: SBE1, SBE2, WBE1, WOS3

This area is highly mixed. There are a variety of styles of houses and roof forms, such that it is not considered that this proposal would have an undue impact on the streetscene.

Impact on adjoining properties: SBE1, WBE1

There is a slope down from the property to the neighbouring property to the north of about 1m. This property (88 Pinewood Avenue) has its only kitchen window facing the flank wall of the application site. To the south the adjoining property of 92 Pinewood Avenue is set some 6m in front of the application site. The proposed extension will result in a significant increase in height of about 4m at the ridge alongside the rear garden of 92 Pinewood Avenue, such that it results in a loss of light to the rear windows of 92 Pinewood Avenue and has an overbearing impact on its rear garden.

Impact on highway safety (parking provision): ST5, WT6

Subject to conditions there is adequate off street parking.
