Tudor Roof Tile Co. Limited

Sussex Red

Located on the Romney Marsh in Kent

Using traditional production skills, our clay roof tiles offer a link with the past.

Our range of handmade Plain (nibbed) tiles exhibit a larger degree of double camber and capture the character and much sought after aesthetic qualities of older reclaimed tiles.

Our range of handmade Peg (no nib) tiles are flatter, but with a slight camber to match in with existing Peg tiles found on many listed and conservation area properties.

Our Sussex Red colour is achieved using a finer grain of Kent sourced sand when compared to the majority of our tiles, which when fired, produces a pleasing Orange tone, in keeping with handmade tiles of old.

Technical Specifications

DIMENSIONS (variable to avoid straight lines on roof)	(metric (mm))	(Imperial (inches))
Plain Tiles (nibbed)	265 x 165	10.5 x 6.5
