COMMENTS:

Object because,
Thought was rejected and disappeared due to the nuclear plant area..
Basingstoke road is not meant for that many cars.
Why do we need another primary school especially in the nuclear
zone.

We have a new astroturf in Shinfield, why do we need another.

Another 400 homes to add to the 1000s already built. Just ridiculous
and it's never ending of house built without out proper
infrastructure.
