COMMENTS:

I wish to object to this planning application. I have friends that live in Remenham Row and to replace the existing single storey building with a three storey one (not 2.5 as the application suggests) would completely overpower their home. There is only a short distance between the properties in Remenham Row and the boundary wall and this would seriously affect their light, privacy and view. This is a unique situation as there is no public highway in between Thamesfield and Remenham Row, just a pathway and flowerbeds. This will impact the idyllic situation that the residents of Remenham Row currently enjoy.
