Dear Ms. Hutten,

**SECTION 211 NOTIFICATION OF WORK TO TREES WITHIN THE REMENHAM HENLEY
BRIDGE CONSERVATION AREA
APPLICATION NUMBER: 242493
LOCATION: HENLEY ROYAL REGATTA SITE, HENLEY ON THAMES, RG2 2LY**

With reference to your notification which was received and validated on the 26th September 2024, I am writing to advise you that Wokingham Borough Council raises **no objections** to the proposed tree works being undertaken as specified within the Remenham Henley Bridge Conservation Area.

Proposed works:

G16 - Group of Sycamore (11no stems) (Group of mixed broadleaves)

- Prune to provide 2m clearance from road signs

G27A - Row of English oak and tulip tree

- Crown lift to provide 4m above ground level

G107 - Group of Poplar (10no)

- Re-pollard to previous pollard points at circa 7-8m above ground level

G108- Group of Poplar (12no)

- Re-pollard to previous pollard points at circa 7-8m above ground level

Reasons stated for works:

G16 - Most likely of self-sown origin, many stems clad in ivy. Some branches obscuring road signs.

G27A - Some low branches obstructing maintenance.

G107 - Dense group of stems most of which have been crown reduced. The regrowth is at advanced size and now requires removal to prevent failure.

G108 Dense group of stems most of which have been crown reduced. The regrowth is at advanced size and now requires removal to prevent failure

Officer comments:

This work has been identified following an inspection by a suitably experienced arborist. The Council considers that the tree work is appropriate and can be undertaken in accordance with arboricultural good practice. Serving of a TPO to prevent or moderate the proposed works is considered unnecessary and inappropriate on this occasion.

Informatives:

- 1) You are advised that, in accordance with Part 4, 17 (4) of The Town and Country Planning (Tree Preservation) (England) Regulations 2012, this decision is valid for **one pruning operation** (as per the approved specifications) to be undertaken **within two years** from the date of this notice, after which date the consent lapses and a new Section 211 Notification will be required.
- 2) You are advised that this letter is in respect of the **Conservation Area only** and it does not imply that consent would be forthcoming from the owner of the tree(s) or any such other persons from whom consent would be required.

If we can be of any further assistance, please contact the Tree and Landscape Officer via development.control@wokingham.gov.uk.

Yours sincerely,

Chris Hannington - Trees and Landscape Team Manager

cc: Imogen Mercer - Regatta Headquarters, Henley on Thames RG9 2LY

Please note that your attention is drawn to the following information:

Bird Nesting Season and Presence of Bat Roosts

In accordance with the Wildlife and Countryside Act (1981) and Countryside Rights of Way Act (2000), consideration must be given to the timing and type of tree work operations, to avoid causing disturbance to any nesting birds or bat roosts that may be present within the tree(s).

The Act makes it an offence (subject to exceptions) to intentionally kill, injure, or take, possess, or trade in any wild animal listed, and prohibits interference with places used for shelter or protection, or intentionally disturbing animals occupying such places.

It is advised that all non-urgent major tree work and hedge cutting operations are undertaken at a time to avoid disturbing nesting birds during the breeding season (to which the bird nesting season is considered to be from March to July). Where bats are suspected to be present, it is recommended that advice first be sought from a licenced bat specialist and if appropriate, the relevant licence(s) be obtained before any major tree work or hedge cutting commences.

Forestry Act 1967 and Felling Licences

If it proposed to fell a tree or trees greater than 5 cubic metres or sell more than 2 cubic metres of timber in any calendar quarter, a Felling Licence from the Forestry Authority may be required.

Please note that Felling Licences are not required to remove trees from domestic (residential) gardens. Where you are the landowner of large pieces of land with numerous trees, clarification from the Forestry Commission may be required as to whether a Felling licence is needed.

For more information on Felling Licences, please speak to the Woodland Officer at the Forestry Commission on 01296 696543

Further Information can be found on the Forestry Commission Website: www.forestry.gov.uk
