**Application Number: F/2000/2890**

**Appraisal:**

The proposed development is for a single storey rear extension to extend the hall area and the replacement of the pitched roof on the existing dining room.

It would be 3.5m wide and 2.3m in depth, coming out level with the existing dining room. It would have a pitched roof, 2.5m to eaves and 3.5m to the ridge.

**1. Impact upon neighbouring properties**

The proposed development is set away from all boundaries and could only possibly be visible from Brackenwood to the north, but the boundary has 1.8m vegetated fencing and there would be no intrusion caused by this development. It is therefore considered that there would be no adverse effects upon neighbouring properties.

**2. Impact upon the street scene**

The proposed development would not visible from the front of the property. Materials would match existing so there would be no adverse effects upon the character of the street scene.
