COMMENT FROM Harold Sanders CONSERVATION + DESIGN
25.01.01.

- I DID NOT HAVE THE BENEFIT OF BEING ABLE INTERNALLY TO INSPECT THE BARN BUT IT IS OF NEW CONSTRUCTION AND HAS VERY LITTLE VISUAL IMPACT ON THE CONSERVATION AREA OR ITS SETTING.
  HIGH BARN, OR THIS STRUCTURE, IS NOT LISTED
- NO ELEVATION OF THE CHIMNEY IS PROVIDED; I CONSIDER IT SHOULD BE OMITTED, BEING INAPPROPRIATE FOR A BARN (WOOD BURNING STOVE + FLUE WOULD BE ACCEPTABLE) AT MINIMUM CHIMNEY BREASTS SHOULD BE WITHIN BARN AND NOT PROJECT OUT SIDE.

Development
For the conversion of barn to snooker room and gym. The site lies within an Area of Special Landscape Importance, as well as being with an area of countryside/rural/area sporadic development. There is a 1.8m fence with the road and 'Barn Close', with various being along the boundaries. There is also some hedging with 'Barn Close'.

There is already a part mezzanine floor to the barn, the proposal would see this increased over the full size of the barn. The barn is currently used for storage of various pieces of equipment and materials, with the barn being open in the elevation facing 'Barn Close'. The proposed would close this opening and the existing shiplap cladding to brick infill.

There have been no objections from the Landscape department nor from the Parish Council. Landscape have pointed out that 00/Cj/A2/05 suggests that the area adjacent to the barn would be landscaped, and a detailed landscape scheme should be submitted.

A letter was received from 'Barn Close' with reference to application F/2000/2804 which included the barn conversion. They raised concerns over the proximity of the residential extension (conversion) to their boundary. However, The only change to the barn would be the external materials and the fact that the opening would be replaced with a window. It is recommended that the gymnasium window facing 'Barn Close' be obscurely glazed to prevent overlooking, considered that its is at first floor.

BARN CLOSE

BERKS 15/12/00

Dear Sir/Madam

F/2000/2804

In addition to my observations of last week it is noted that i) the barn & stables (approved & built for agricultural purposes) are proposed as a CHANGE OF USE for residential & domestic purposes.

ii) the barn is 2 storey (for storage of hay) & would not have been approved if its purpose was residential or domestic (a single storey was refused in '74). The barn / stables are only 2 metres from the road boundary - thus the extremity of the residential extension will be only 2 metres from the boundary.

iii) Surplus rain water and foul water overflows to the neighboring properties - what is the proposal for drainage?

Yours faithfully

In response to your consultation dated 6 December 2000 for the above application, the landscape comments are as follows:

I have no objection to the proposals. There are no views into the site from Church Lane due to the high fence and vegetation along this boundary, although you do get a glimpse of the roof of the barn over the boundary screening. There are no views into this part of the site from the wider ASLI especially from the south including The Village and the recreation ground in Finchampstead, as these are restricted by the landform and the woodland to the south east of the site.

The plan, drawing no. 00/CJ/A2/05, does suggest that the applicants will be undertaking some additional planting on the piece of land to the south east of the barn. A detailed landscape scheme needs to be submitted by the applicants as part of this application.
