COMMENTS:

Having lived in Finchampstead and local areas my whole life and worked in Finchampstead for the past 12 years, seeing how just recently with the Legal and General / Carla Homes Finchwood Park development has affected the area I strongly object to this proposed development off of Longwater Lane.

The small countryside town is slowly loosing all the open space it has left, not to mention its now hugely congested with all the extra traffic on the roads from the 250+ houses that have already been built on the Finchword Park development.
