Summary

In summary, the project accords likely with national and local policy and therefore is likely to be acceptable. Any development/hardstanding to the front of the site will need to be included within the description of development. The council would not have an objection to either two or three formal parking spaces to the front of the site providing soft landscaping is incorporated.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
