COMMENTS:

We wish to object to this application on several grounds:

1- Heavy vehicle impact: with lorries blocking part of the narrow, bendy roads and causing serious danger of crashing to motorists who lose visibility, might also injure pedestrians and cyclists if they need to swerve.

Fumes and noise Pollution affecting walkers, cyclists and all residents due to 132 heavy vehicles per week

Danger to wildlife with risks of spillages in adjacent wildlife areas Public safety risk due to potential explosions caused by such volumes of fuel storage close to homes

We strongly believe that approval of such a proposal would be utterly irresponsible and damaging to our still semi-rural community
