COMMENTS:

Hi, I'm registering my objection to the planning application No 252782.

The proposed location and use is simply not acceptable as the environmental risks are huge and if the worst was to happen it would be largely irreversible. And this combined with the proposed numbers and sizes of vehicles on what is a narrow, twisty road and the inherent dangers that this represents makes this application unthinkable. I urge you to recognise what is a very large, long, list of objections and refuse this application in it's entirety. The site and locality are not suitable for such a business.
