COMMENTS:

I wish to formally object to this proposal.

As a member of the group (HDC Advocates for Countryside and Environment (ACE)), I am concerned about its impact, specifically: Poor planning

Noise pollution

Light pollution

Overshadowing if acoustic barriers put up

Risk of flooding

Disruption to nature and ecological habitats including deer, bat and owl

The true possibility that this could lead to creep development

Furthermore, there are alternatives that the school could use for purpose nearby and does not enhance the landscape.

Thank you for listening.
