Hi,

To confirm there isn't a live application at the moment however, our client is highly likely to lodge an appeal. As there is an EA objection, we therefore consider it is in all parties' interest to seek to resolve the flood risk objection instead of defending at an Inquiry.

I've attached the decision notice and EA objection for ease of reference.

Thanks,
Rob

Our ref: WA/2024/131683

Dear Mr Walker,

Thank you for contacting the Environment Agency.

Before we can review modelling, we would need confirmation from the LPA (Wokingham Borough Council) that they are happy for us to undertake the work, by way of a formal consultation. Please can you contact the LPA and arrange for this to happen? Once we have received the consultation from the LPA we will be able to provide you with a Sharefile link to send the files to us.

Kind regards,

Liz Denham on behalf of **Oliver Murray**

Please accept my thanks for your email in advance – it is estimated that each UK adult sending one less ‘thank you’ email per day would save more than 16,400 tonnes of carbon per year. This is equivalent of taking 3,334 diesel cars off the road.
