PROPERTY ADDRESS : Oakwood House
: Oakwood House Longwater Lane, Finchampstead, Berkshire
: RG40 4NR
SUBMITTED BY : Mrs Helen Kuan
DATE SUBMITTED : 09/12/2024

COMMENTS:

I still object to this application on the same grounds as before and reducing the application by 2 dwellings makes no difference to my reasons as stated below again-
It is not in keeping with the rest of the village- lots of houses crammed on a piece of the field is far too dense.

The field often floods, as does the adjacent field and the sewage works next door.

There is no public transport and nowhere to walk to as there is no pavement to the Co Op from here.

The junction would be dangerous as it would be opposite the

allotments, turning on to a busy road.

This is currently a green field- to build 38 houses there would do a lot of damage to the environment and wildlife, which would never recover.
