COMMENTS:

I still wish to object to this planning application on the same grounds as before-

1- It is a natural green field where many animals and birds live. Why build houses there when there are many other sites like disused offices and shops, all with better transport links?

2. People who lived there would have to drive, further increasing traffic, pollution and CO2 levels. There are no amenities in the village within a walkable distance.

3- It is not mentioned in the local plan for development at all.

4-This field floods regularly.
