PROPERTY ADDRESS : 160 Shinfield Road
: Reading, Berkshire
: RG2 7DT
SUBMITTED BY : Mrs Bernadette Bowley
DATE SUBMITTED : 31/03/2025

COMMENTS:

The villages of Spencers Wood and Shinfield have already been subject to extensive development in recent years, with irreversible damage to wildlife. Together with the proposed development of near 4,000 homes in nearby Arborfield, is it necessary to tear up further open countryside, are the transport links equipped to deal with the additional traffic and pollution will be caused by vehicles sitting in traffic jams? The children of the families moving to this development will, in time, be driving, with each household having multiple cars and insufficient provision for parking, the sports pitches will be used daily for training and matches, again resulting in parking issues as most will drive to the pitches.
