INFORMATIVE

**Planning Application:
250063 Warren Crest Farm Wick Hill Lane Finchampstead Wokingham RG40 3PY**

The application site for this proposed development falls within an area of archaeological significance and has potential for Roman and Medieval remains. It is within a Medieval landscape, approximately 500m from the course of a Roman road, and a number of local findspots suggest there may be roadside/nearby activity. There is the possibility for artefacts to remain underground at the development site. Further information regarding the archaeology in the area can be found online at [HeritageGateway - Home *](#)

Archaeological remains may be damaged by any necessary ground disturbance, therefore you are requested to inform Berkshire Archaeology as soon as possible if any artefacts are discovered. Details of archaeological finds will be added to our Historic Environment Record (HER), an online database of local archaeological sites, finds, and historic buildings within our area, which includes Bracknell Forest, Reading, Slough, Windsor and Maidenhead, and Wokingham.

It is helpful if you can email us of details of the context of the find, along with a photograph of the artefact, including something in the shot to help give an idea of scale.

Our contact details are included above.

Many thanks

*Linden Ellicott
Archaeology Officer*

Berkshire Archaeology is part of Reading Borough Council's Museum and Town Hall Services and provides historic environment advice to the five unitary authorities of Bracknell Forest Council, Reading Borough Council, Royal Borough of Windsor and Maidenhead, Slough Borough Council and Wokingham Borough Council. This response relates solely to buried archaeological heritage; the Council's Conservation Officer should be consulted for any matters relating to the historic built environment.
