

PLANNING REF : 260921

I wish to object to the retrospective planning application for the Three Frogs pub.

I have lived in this area for over four decades. For the vast majority of that time, the Three Frogs pub has operated without causing any significant disturbance to my home.

However, since the expansion of the outdoor seating and entertainment area, the situation has changed dramatically.

I can now hear noise from the pub during major sporting events. The revelry sound from these occasions disturbs my sleep. As an elderly resident, peaceful sleep is important to my health and wellbeing.

It is deeply concerning that a development built without planning permission has now robbed me of the peace and quiet I previously enjoyed in my own home.

This expansion was undertaken without proper consultation or planning permission. The fact that I was not notified of this retrospective application only adds to my concern about how this matter has been handled.

I strongly urge the council to refuse this retrospective planning application.
